**Workshop session on Open Source License Compliance**  
**Hosted by Software Freedom Law Centre**  
**Venue 2, FOSS Plaza, Tagore Theatre 13 August 2023**

There cannot be any software development these days without usage of Free and Open Source Software (FOSS). However, it is important to ensure that the development and distribution of software is in compliance with the terms of the Open Source License used.

The session will cover:

1. Basics of copyright
2. Types of Open Source licences
3. Open Source Compliance in an organisation
4. Open chain ISO standard

*SFLC.in is a donor-supported legal services organisation that has united lawyers, policy analysts, technologists, business professionals, students and citizens promoting Open Knowledge, Free Speech, Online Privacy, Innovation & Equality. We promote innovation and open access to knowledge by helping developers make great Free and Open Source Software, protect privacy and civil liberties of citizens in the digital world.*
